- List of East Timorese detained (identification, place of detention, legal status, detention conditions)

- UN Center for Human Rights regular access to the territory

- Unhindered access of ICRC to all detainees and people in need

- Free access for international NGOs to the territory

- Authorization and incentives for local NGOs to operate

- Involvement of NGOs in human rights activities (monitoring including follow-up of individual cases, legal assistance, information, training, etc.)

- Free access to international media to East Timor

- Free movement of people within the territory and to and from the exterior (information on procedures presently in force

- Freedom of information (elimination of controls on mail, phone lines, free press)

2. Timorization

- Statistics on East Timorese in the Indonesian Administration in East Timor

- Free expression in Tetum and Portuguese, including free teaching of both languages and their use in Public Administration

- Positive action to ensure access by the Timorese to education, employment and investment and business activities.

- Transmigration and emigration (data on geographic zones, applicable legislation including property laws, incentives, etc.)

3. Demilitarization

- Data on the military forces stationed in East Timor (type of forces including paramilitary, location, type of equipment, etc.)

- Calendar for the reduction of the military presence

4. International verification

- At the present stage, frequent regular visits to East Timor by the SRSG or his staff, including progressively longer stays there

- International observation missions for verification of specific measures agreed

- UN permanent presence in the territory
